

# Century

Batteries that last and last

## Ultra Hi Performance Severe Service

- ✓ Extra Starting Power
- ✓ Longer Battery Life
- ✓ Superior vibration and impact resistance
- ✓ 18 Month Nationwide Warranty

Now with Century's revolutionary SmartDrive™ technology -  
Power to save you fuel and cut emissions<sup>^</sup>

<sup>^</sup>In vehicles fitted with Regulated Charge Control Systems.

## Century's Ultra Hi Performance Severe Service batteries are the latest in performance and reliability for trucks, farm and heavy equipment.

Unlike many imported batteries which are designed for European markets and colder climates, Century's Ultra Hi Performance Severe Service battery is made here in Australia for our conditions. It features many substantial design improvements to deliver what heavy equipment and plant operators really want, longer life and ultra reliability with less down time.

Designed for more than just starting power, Century Severe Service batteries are able to sustain constant current loads for running on-board accessories and equipment.

Thicker, more durable components provide improved corrosion resistance and longer battery life whilst Century's exclusive Platelock™ design and specialist Glass Mat separators, bind the battery plates securely together to resist the effects of vibration damage and help prevent early battery failure.

ITEM NO	BATTERY TYPE	V	CCA	RC	WARRANTY (MONTHS)	DIMENSIONS (MM)				TERMINAL TYPE	LAYOUT
						LENGTH	WIDTH	HEIGHT	TH		
122100	N70ZZH	12	720	170	18	306	171	201	222	STD	L/HAND POSITIVE
122106	N70ZZLH	12	720	170	18	306	171	201	222	STD	R/HAND POSITIVE

**The Longer Life Battery for Trucks and Heavy Equipment**

# The Severe Service Advantage

- ✓ Designed and built in Australia for Trucks & Heavy Equipment
- ✓ Stronger internal components to fight corrosion and vibration
- ✓ Special alloy components and hybrid design for low water-loss
- ✓ Built in water indicator to help combat water-loss and extend life

Choose a Century Ultra Hi Performance Severe Service battery and see why it's earned the trust of Australian's on the land.
