Batteries that last and last

LAWN & GARDEN

Power and performance from season to season.

Century EverRide Lawn & Garden batteries are the perfect partner for your ride-on mower! The EverRide range represents the latest in small engine starting technology for ride-on mowers and personal watercraft. Available in both maintainable and maintenance free options, they're built tough to handle Australia's extreme climate and harsh operating conditions.

Lawn & Garden

EverRide AGM

Featuring an array of advanced design features including AGM technology and a heavy duty construction, they are designed to deliver exceptional starting power and longer life.

- ✓ Absorbed Glass Mat (AGM) technology prevents leaks and extends battery life
- ✓ Maintenance free design - sealed to protect against dirt and dust ingress
- ✓ Advanced Lead-calcium technology for minimal self-discharge and longer life
- ✓ Strong cast grids for exceptional shock and vibration resistance
- ✓ Durable construction built to handle the harshest environments

EXCEPTIONAL STARTING POWER

MINIMAL SELF DISCHARGE

SUPERIOR STRENGTH & ENDURANCE

ENHANCED VIBRATION RESISTANCE

ITEM ID	BATTERY TYPE	WARRANTY ¹	VOLTS	CCA @ -18°C	RC @ 25°C	AH @ 20HR	(ALL MEASUREMENTS IN MM)				POLARITY	WEIGHT (KG)	TERM. TYPE	HOLD DOWN	SPECIAL FEATURES

Special Features Glossary

AGM	Absorbed Glass Mat	FA	Flame Arrestor	MR	Mud Rack
CH	Carry Handles	LM	Low Maintenance	PV	Pressure Valve
CV	Central Venting	MF	Maintenance Free	VR	Vibration Resistant

EverRide Maintenance Free

Developed from some of the most advanced technical resources, and built tough to deliver superior starting power and performance.

- ✓ Maintenance free design - sealed to protect against dirt and dust ingress
- ✓ Lead-calcium technology with expanded plates for lower self-discharge and longer life
- ✓ Strong construction providing shock and vibration resistance

SUPERIOR STARTING POWER

REDUCED SELF DISCHARGE

EXTRA STRENGTH & ENDURANCE

IMPROVED VIBRATION RESISTANCE

ITEM ID	BATTERY TYPE	WARRANTY ¹	VOLTS	CCA @ -18°C	RC @ 25°C	AH @ 20HR	(ALL MEASUREMENTS IN MM)				POLARITY	WEIGHT (KG)	TERM. TYPE	HOLD DOWN	SPECIAL FEATURES
							L	W	H	TH					
EVERRIDE MAINTENANCE FREE

160103	U1R MF	12	12	300	45	28	195	127	155	182	C	7.80	LUG	-	CH, CV, FA, MF, MR, VR

EverRide Maintainable

Engineered to protect against acid seepage, corrosion and vibration damage, Century EverRide maintainable batteries incorporate robust internal components to deliver dependable starting power and reliable performance.

- ✓ Low maintenance design for maximum control over service life
- ✓ Calcium-antimony technology for reduced fluid loss and self-discharge
- ✓ Strong, durable cast plates for longer life

DEPENDABLE STARTING POWER

LOW SELF DISCHARGE

ADDED STRENGTH & ENDURANCE

BUILT TO COMBAT VIBRATION

ITEM ID	BATTERY TYPE	WARRANTY ¹	VOLTS	CCA @ -18°C	RC @ 25°C	AH @ 20HR	(ALL MEASUREMENTS IN MM)				POLARITY	WEIGHT (KG)	TERM. TYPE	HOLD DOWN	SPECIAL FEATURES
